Re: Montour County, Mahoning Township  
State Route (S.R.) 2008  
Bloom Road Right-of-Way (ROW) Acquisition Scope of Work

Dear Mahoning Township Board of Supervisors:

The Pennsylvania Department of Transportation is in the process of developing a Right-of-Way plan to acquire the ROW necessary to maintain existing Department features that were determined to be outside the existing 33" width of legal ROW on S.R. 2008 (Bloom Road). The Department has no plans of widening Bloom Road beyond the current pavement widths at this time.

Any residents having questions or concerns regarding this project are encouraged to contact PennDOT Project Manager Peter Herman at 570.368-4257 and not Mahoning Township.

Sincerely,

Eric High, P.E.  
District Executive  
Engineering District 3-0
